MEETING ENDS

Closing Session of Federation Held at the Washington Theater Friday Night—Interesting Addresses.

The closing exercises of the Kentucky Federation of Women's Clubs was held Friday night at the Washington Opera House following the civic banquet at the Masonic Temple. After the invocation by Rev. J. H. Fielding the new officers were introduced, followed by the report of the Resolution Committee.

The main address of the evening was made by Mr. Alexander Johnson, who for more than two hours kept the close attention of the audience with his address on "The Menace of the Feeble Minded." Mr. Johnson knew his subject thoroughly and he presented it in such a way as to bring conviction to his hearers. He is field secretary of the National Association for Prevention of Feeble Mindedness and his work is known throughout the United States.

Two short addresses were made on "The Need of Woman Suffrage" by Rev. John Hubbard of this city and Mr. Walter T. Millard of Cincinnati. Mr. Millard is a man of culture, ability and power as a speaker and for the few minutes that he spoke ably presented the cause of votes for women. His arguments were concise, clear and clean-cut, and his handling of the subject kept the audience enthralled, even though the program had been going on for about two hours and a half when he began.

The reports of the various departments after the report of the Election Committee on Friday morning were very interesting, especially the Industrial and Child Labor Department by Mrs. Lewis N. Davis and that of Mrs. Murray Hubbard, Vice Campaign Chairman of the Kentucky Equal Rights Association and Special Committee from the Kentucky Federation of Women's Clubs to secure from the General Assembly the submission of a woman suffrage amendment to the State Convention. Mrs. Hubbard's report sparkled with personal reminiscences at Frankfort and was most interesting to those interested in legislative processes and the records of legislators.

The conferences held in the afternoon in the Third Street M. E. Church were very interesting. Reports and discussions of the various departments touched upon were health, philanthropy, libraries, home economics, education and industrial and child labor. The regular afternoon program began at 3 o'clock at the First Presbyterian Church with a prayer by Rev. H. B. Wilhoite. Mrs. A. M. Harrison made a splendid report on the Social Hygiene Department. Evangelist Herbert Yeuell gave an excellent short talk on "The Educational Value of Motion Pictures."

Miss Alice Lloyd is always interesting as a speaker. Her address on "Kentucky Laws For the Suppression of Vice" showed that she had made a careful study of her subject and worked out in a most interesting and thoughtful manner. "Contributing Causes of Delinquency Among Women" by Mrs. Robert K. Masie was also ably presented and at a climax to the two preceding talks, Mrs. Masie gave a well rounded out talk on "Prevention."

The main address of the afternoon was delivered by Mr. Henry M. Johnson, president of the Men's Federation of Louisville, his subject being "Co-operation." "Without co-operation we can do little or nothing," said Mr. Johnson. It is the main thing in the formation of any smooth-running body. Man could not live without co-operation.

Following a lively discussion by all present the meeting adjourned.

SPECIAL ANNOUNCEMENT OF THE YUELL MEETINGS

The various meetings to be held in the Growers are as follows:
Saturday night Lecture on Yellowstone, The National Park.
Sunday Morning a Big Bible School.
Sunday Morning Sermon on "Prayers God Cannot Answer."
Men's Meeting at 3:00 subject: "Man With His Hair Cut Short."
Sunday Evening's subject: "The Sleeping Dove."
Baptismal Service on Monday at four o'clock.

There were many new persons in attendance at the Yuell Meetings last night. Though quite a few of those who have been regular in their attendance found it necessary to accompany their lady guests to the other service yet the audience was still good sized and inspired Evangelist Herbert Yeuell to do his best. The picture he drew of the sufferings of Jesus and of the manner in which each tried to blame the other for not helping to save this Prophet of God from death, where so impressed upon the mind of the hearers that they cannot be soon forgotten.

Following the service the chorus had a rehearsal preparing for the service tonight and Sunday. It is expected that the largest number will be in the chorus on Sunday of any time thus far during the meeting. Any singer who will do so is asked to enter this chorus.

The doors will open at seven tonight. The picture of the National Park views which will be shown tonight are all given a natural coloring. The last time Dr. Yeuell visited the Yellowstone Park was in 1914. Many of the pictures to be shown on the screen were taken by himself.

ENFRANCHISEMENT OF WOMEN URGED

At the closing session of the twenty-second annual convention of the Kentucky Federation of Women's Clubs at the Washington Opera House Friday night, the following resolution moved by Mrs. Helma Bruce of Louisville, and seconded by Mrs. Murray Hubbard was unanimously adopted: Resolved, that the Kentucky Federation of Women's Clubs urge upon the political parties that they endorse the enfranchisement of women in this state and National Conventions.

Mayville, Ky., May 17, 1916. Secretary Board of Education, Mayville, Ky.

Dear Mr. Richardson: I herewith tender my resignation of the position I am now holding to take effect at the close of the present school year.

During my seven years' stay in Mayville as a teacher in your high school I have received only courtesy and kindest consideration from the Board of Education.

I wish to take this means of expressing to the members my sincere appreciation of all that they have contributed towards my pleasant years of service here.

Very truly yours, NELL SUTHERLAND.

Miss Sutherland took to Ashland as a teacher in the public schools of that city and it can be truly said that Ashland's gain is Mayville's loss.

Prof. W. J. Caplinger continues as superintendent and Prof. G. C. Mance as principal they having been elected for a period of more than one year.

Miss Edith Dickson was not a candidate for re-election as a teacher of the domestic science department and no one was selected to fill her place. At a meeting of the board in June all vacancies will be filled.

On motion it was ordered that the summer school be continued under the tutelage of Prof. W. T. Berry.

Portsmouth won its ninth straight victory Friday.
